If ordered in combination with CommandARM™, electrical joystick is located on CommandARM™. If ordered without CommandARM™, the joystick is located on armrest.  
Includes swithc to select between mid-stack E-SCV operation, if ordered in combination with electrical SCVs.  
Joystick controls all mid-stack E-SCVs or rear E-SCVs 1, 2 & 3.  
Includes gear shift switches in combination with PowrQuad™ PLUS, AutoQuad™ PLUS or CommandQuad™ PLUS.  
Buttons on the joystick include:  
- 1 for PowrReverser™  
- 1 for suspension  
- 1 rocker switch without dedicated loader functionality.  
Includes 2 function electrical midstack control valve, electronic joystick (connected to the valve), plus wiring harness.  
To be ordered separately: Loader mounting frames, hood guard and hydraulic connections from valve to front loader coupling point.

Only without Front Fender or turnable Front Fender (8012).  
If ordered in combination with CommandARM™, mechanical SCVs are not possible.  
Includes switch to select between mid stack E-ICV and rear E-SCV operation if ordered in combination with electrical SCVs.  
Joystick controls all mid stack E-ICVs or rear E-SCVs 1&2.  
If ordered in combination with CommandARM™, electrical joystick is located on CommandARM™. If ordered without CommandARM™, the joystick is located on armrest.  
Includes gear shift switches in combination with PowrQuad™ PLUS, AutoQuad™ PLUS or CommandQuad™ PLUS.  
Buttons on top of the joystick include:

- 1 for PowrReverser™
- 1 rocker switch without dedicated loader functionality.

Buttons on the bottom of the joystick:

- 1 for suspension.

Includes 2-function electrical midstack control valve, electronic joystick (connected to the valve), plus wiring harness.

Also includes: Loader mounting frames, hood guard and hydraulic connections from valve to front loader coupling point.
