Louisville Fiberglass Extension Ladder

Product No. FE3232

This Louisville 32 ft. fiberglass extension ladder has a 300 lbs. load capacity, rated ANSI Type IA. It is equipped with the MAXLOCK rung lock, custom engineered from a patented, advanced molecular polymer, MAXLOCK is the strongest, toughest, lightest rung lock ever made. This ladder also includes the patented QuickLatch system that provides a simple, intuitive method of securing the fly and base sections of the ladder when extended. The ladder features outside slide guides, D-shaped rungs fully serrated for a slip resistant surface, non-marring rail end caps, rope and pulley and steel swivel safety shoes with metal shield to be used with the tread down or in spike position. The Louisville FE3232 fiberglass extension ladder meets or exceeds the safety standards set by ANSI, CSA and OSHA.

Size	Material	Style	Load Capacity	Duty Rating
32	Fiberglass	Multi-section	300	Type IA
