

STANLEY

STANLEY FATMAX® Snap-Off Cartridge Blade Knife

0-10-242

Features:

- Die cast construction which is tough and hard wearing
- Auto retract for safety, automatically retracts when contact is lost
- Blade reset for added safety
- Bi-material offers improved comfort and control
- Fold out blade storage for convenience
- Instant blade change for less downtime and less blade contact
- Integrated wrap cutter includes 2 knives in 1

Description:

The STANLEY FATMAX® Snap-Off Cartridge Blade Knife has an auto retract blade system where the blade automatically retracts when it leaves contact with the cut surface for added safety. The knife also features a built in wrap cutter which is ideal for shrink wrap, banding and cartons. The instant blade change allows you to change the blade quickly and you can also store spare blades for added convenience.
