TORO®

The Finer Points of Toro Parts

The Genuine Toro Parts Promise Since The Toro Company was formed, it has built its reputation on unmatched quality, service and commitment to very precise standards. Toro holds itself to these standards with all equipment and parts that bear the Toro name. Will-fit manufacturers cannot offer the same commitment to quality and often cut corners to reduce cost.

At The Toro Company we employ 140 full-time people whose jobs specifically support your service parts needs. Through teamwork and dedication this group delivers an industry-leading 98+% fill rate, on time deliveries and the customer care excellence you expect and deserve from The Toro Company.

The three areas that have the greatest impact on servicing your parts needs are Parts Distribution, Parts Order Services and Parts Inventory Control.

Toro Parts Distribution

The Toro Company's WorldWide Parts Distribution Center is located in Plymouth, Wisconsin, one hour north of Milwaukee. The distribution center covers nearly 10 acres and contains over 105,000 parts for Toro, Wheelhorse, and Lawn-Boy equipment.

The Toro parts distribution center is staffed year-round by 85 employees and operates three shifts beginning at 7:00 a.m. and ending at 12:00 a.m. Due to the seasonality of Toro's parts business, the distribution center staff will grow by almost 50% in the summer months.

On any given day in the summer months they will pick more than 17,000 lines and ship over 3,000 orders around the world. Their commitment to providing accurate orders and on-time delivery is unparalleled.

Toro Parts Order Services

The Toro Company's WorldWide Parts Order Services Department is located in Minneapolis, Minnesota and is responsible for managing all parts order-related functions.

The Order Services group is staffed by 22 full-time employees and will grow by 20% during the summer months. This group of people will answer over 106,000 phone calls and process over 440,000 orders this year.

Whether they are looking up a part, helping your dealer place an order, or resolving an issue, this group is always enthusiastic and professional.

Toro Parts Inventory Control

The Parts Inventory Control Department is located in Minneapolis, Minnesota. This 10-person team manages nearly 120,000 part numbers stocked in Toro's Plymouth and European parts distribution centers.

This group works directly with manufacturing plants and vendors on a daily basis to ensure every part is available for shipment. Whether they are strategically forecasting customer demand, working with suppliers on supply chain improvements, or analyzing slow-moving parts, this team is committed to making sure each and every part is available to meet your needs.

At The Toro Company we take our commitment to you very seriously. We'll let our performance speak for itself.

Using the 2015 Toro Quick Reference Parts Guide

HOW TO USE THIS GUIDE

This guide covers a wide variety of common replacement parts for Toro Compact Utility Equipment products manufactured through model year 2014.

The guide is organized by the following PRODUCT CATEGORIES:

- Traction Unit Parts and Accessories
- Hydraulic Connectors
- Attachment Parts and Accessories

The traction unit category is divided into functional part groupings like Engine Parts, Electrical Components, and Hydraulic System Parts.

The list of models for a part group may span across more than one page.

Only current parts (parts available at time of catalog printing) are listed in the tables.
Superseded parts are not listed for reference in this catalog.

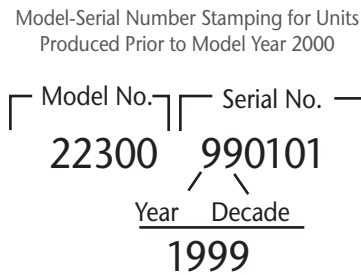

Familiarize yourself with the specific model numbers of your products before searching for applicable program parts.
A reference guide to assist in determining the model year of manufacture can be found on the following pages.

To help locate the correct parts for your products, the catalog includes the following FEATURES:

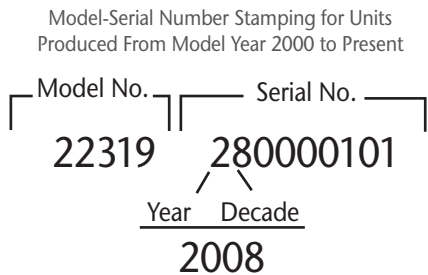

- | | |
|-------------------|---|
| Table of Contents | For quick reference to product categories and functional part groupings |
| Part Number Index | Lists all parts referenced in this guide. The part numbers appear in numeric order.
Each entry includes the part description, program dealer price, commercial sale price and the page(s) on which the part appears. |

How To Know When Your Products Were Produced

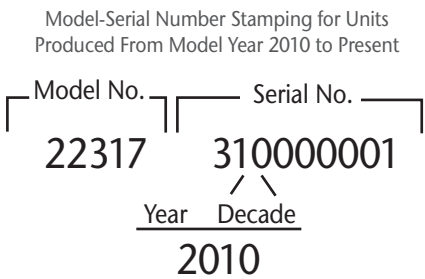

Toro products produced prior to model year 2000 are stamped with a 5-digit model number followed by a 6-digit serial number. The first 2 digits of the serial number indicate the product model year as shown.

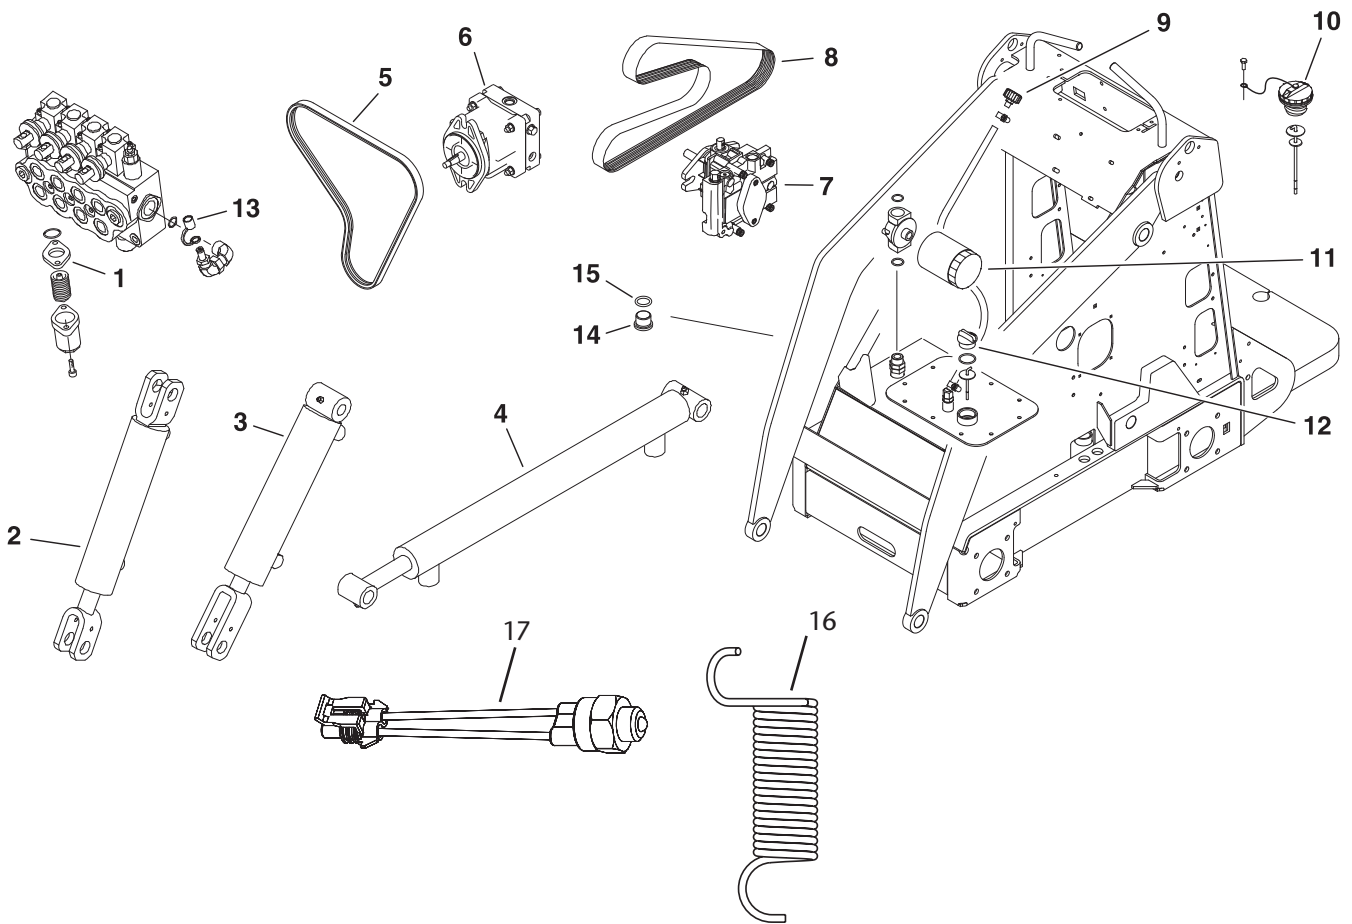

Toro products produced from model year 2000 to 2009 are stamped with a 5-digit model number followed by a 9-digit serial number. The first 2 digits of the serial number indicate the product model year as shown.

Toro products produced from model year 2010 to present are stamped with a 5-digit model number followed by a 9-digit serial number. The second and third digits of the serial number indicate the product model year as shown.

Compact Utility Equipment Kits & Accessories

TRACTION UNITS

KIT NUMBER	DESCRIPTION / INFORMATION	MODELS USED ON
22475	Operator Ride-On Platform for gas powered TX Compact Utility Loaders	22306, 22307, 22308
22476	Operator Ride-On Platform for diesel powered TX Compact Utility Loaders	22319, 22320
98-2651	Diesel Engine Cylinder Head Heater Mounts front side of the cylinder head next to the air intake. 400w 115v heater that heats the antifreeze to assist in cold weather starts. Cord and installation instruction included.	22302, 22303, 22319, 22320
98-9937	Sand Sprocket recommended on chain drive traction units in heavy mud, clay or sandy conditions. Sprocket will work on all Australian built traction units. Comes standard on 1999 and up Toro manufactured machines.	22300, 22302, 22304
99-3159	Battery Hold Down Bracket used to hold down a 26j60 525 cca Exide battery. Needed to convert Australian battery to US battery.	22302
99-4360	Cross Over Relief Kit includes installation instructions, hydraulic hoses, cross relief valve and mounting hardware. This kit must be installed on wheeled Dingo units using the hydraulic breaker for normal warranty to apply.	22300, 22302, 22303, 22304, 22305, 22311, 22312
105-4052	Gas Tank Conversion Kit contains all necessary parts to convert a legacy or interim style Dingo fuel tank to current production style fuel tank.	22300
100-2532	Diesel Tank Conversion Kit contains all necessary parts to convert a legacy or interim style Dingo fuel tank to current production style fuel tank.	22302
100-4163	Hydraulic Cylinder Kit contains cylinder; instructions and parts book for new Texas style lift cylinder with internal phasing valve.	22303, 22304, 22305
100-4165	Poppet Quick Disconnect Seal Kit contains seals needed to rebuild the female poppet coupler.	22300, 22302, 22303, 22304, 22305
100-6119	Female Flush Face Coupler Repair Kit contains all parts needed to rebuild female flush face coupler.	22303, 22304, 22305, 22306
100-6120	Male Flush Face Coupler Repair Kit contains all parts needed to rebuild male flush face coupler.	
104-1874	Repair Kit for Snap Coupler Converter Kit 100-4789 contains all seals needed to rebuild couplers.	
104-4221	Hydraulic Valve Kit Flow control valve containing spool quad seals	22303, 22304, 22305
104-4635	Remote Air Cleaner converts glass jar pre-cleaners to Nelson type air cleaner used on 4-PAW units	22300, 22304
104-5750	Diesel Pump Cover Kit replaces existing pump cover on Australian Diesel machine. Incorporates a battery hold down bracket.	22302
104-7422	Hydraulic 4 Spool Valve Kit has added seals to prevent spools from sticking	22304, 22312, 22317, 22318
104-9997	TX Muffler Guard Kit heavy-duty guard shields muffler from debris and damage from equipment.	22306

Always consult your product's Parts Catalog to ensure that the correct parts will be ordered.

Compact Utility Equipment Kits & Accessories

TRACTION UNITS

KIT NUMBER	DESCRIPTION / INFORMATION	MODELS USED ON
106-7692	One Piece Flush Face Coupler seal kit for new female coupler FEM-501 10BMS-NL for 2002 traction units. Same seal kit will fit the new female coupler FEM-501 10F0-NL for attachments also.	105-8394, 104-6134
105-8400	Tail Pipe Kit replaces the original tail pipe #99-3272. The kit includes 2 pipes, adjustable mounting bracket, mounting bolt, washers & nuts, 2 exhaust clamps, and instructions.	22300
106-7580	TX 420 brake kit includes replacement brake block weldment, hardened brake plate and drive wheel hub. Kit is needed only if brake plate will not set due to damage to the welded 3 piece brake block.	22306
106-7581	TX 425 brake kit includes replacement brake block weldment, hardened brake plate and drive wheel hub. Kit is needed only if brake plate will not set due to damage to the welded 3 piece brake block.	22307
106-7611	RH tensioner kit fits 220000001 through 220000399	22307
106-7612	LH tensioner kit fits 220000001 through 220000399	22307
106-7722	Track Kit TX 425 one track, ten road wheels, and cast track guide (serial 220000300-240000300)	22307
106-7723	Track Kit TX 425 one track, ten road wheels, and no cast track guide (serial 230000301 & up if steel track guides are not damaged)	22307
108-4650	Hood Latching Kit includes a guide, new cam latch, and mounting hardware. It will assist hood alignment into the latch and ease opening and closing the hood. (22306/07 serial 240000301-240000999 & 22308 serial 240000100-240000999)	22306, 33307, 22308
108-4657	TX Rear Cover Kit will replace the rear plastic door with a three-panel metal cover. Includes mounting hardware, two side panels, and one rear panel. (22306 serial 200000100-240000300 & 22307 serial 220000100-240000300)	22306, 22307
107-9310	TX Reference Guide Kit includes a set of all-weather dash mounted operating instruction cards.	22306, 22307, 22308, 22319, 22320
237-81	O-Ring between Coupler and Adapter for flush face couplers	All
117-2727	O-Ring Kit replacement o-rings for most hydraulic connections	All
490-7403	TX Operator Training Video	22306, 22307, 22308, 22319, 22320
490-7784	Rental POS Video on DVD covers operating wheeled and TX units, and rental of TX	All
492-1722	SWS Dingo Service Manual contains information needed to rebuild and repair Dingo traction units	22300, 22302, 22304
361-10 Red 361-9 Blk	12 oz can of Touch-Up Spray Paint	All Traction Units All Attachments
112-0178 Red 112-0176 Blk	0.6 oz Brush-In-Cap Touch-Up Paint	All Traction Units All Attachments
112-0177 Red 112-0175 Blk	0.3 oz Paint Marker Touch-Up Paint 112-0175 Black	All Traction Units All Attachments

Always consult your product's Parts Catalog to ensure that the correct parts will be ordered.

Compact Utility Equipment Kits & Accessories

ATTACHMENTS

KIT NUMBER	DESCRIPTION / INFORMATION	MODELS USED ON
23161	Wheeled Dingo Backhoe mounting Kit contains all brackets needed to mount backhoe to traction unit	22412, 23160, 23163
23162	TX 420/425 Backhoe Mounting Kit contains all bracket and mounting hardware needed to mount backhoe to traction unit	22412, 23160, 23163
104-5740	Backhoe Rubber Stabilizer Pads replaces the standard steel foot. Use on concrete and asphalt.	22412, 23160
112-2532	Heat shield kit for backhoe to protect operator from the heat of the engine.	22412, 23160, 23163
112-4881	TX 500 series Valve Update kit for vibratory plow model 22910.	22319, 22320
20035 Snow Cab	Contact Original Cab Company @ 765-663-2214	22300, 22302, 22303, 22304, 22305, 22311, 22312, 22317, 22318
Sun Shade	Contact Original Cab Company @ 765-663-2214	22300, 22302, 22303, 22304, 22305, 22312

Always consult your product's Parts Catalog to ensure that the correct parts will be ordered.

Always consult your product's Parts Catalog to ensure that the correct parts will be ordered.

NOTES

NOTES

NOTES

NOTES

Cutting blades are the most important component of your Toro® equipment.

It Pays To Keep Them Sharp.

Toro's Pro-Sharp Blade Sharpening Service is an exchange program that allows you to always have sharp blades for your Toro brush chipper and stump grinder.

To Order Pro-Sharp Service*:

-  Go to www.toro.com/Pro-Sharp for more information or call 1-800-348-2424 ext. 4997 to order by phone.
-  Toro will ship a tote of sharpened blades the same business day. (Orders placed by 11:00 AM CST)
-  When you receive the tote with sharpened blades, use the enclosed, pre-paid, pre-printed return label and send your dull blades in the tote back to Toro.

*Pro-Sharp Service not available in Canada
